

Everyday Door Hanger Designs

- This pack contains 30 door hangers; none of the other items shown in the illustrations are included.. The illustrations show how to use foam shapes, felt, wiggle eyes, pompoms, pipe cleaners, sequins and spangles and gemstones to create personalised door hangers. Names can be added with felt tip pens.

Tips:

- Decide your design and lay all the pieces roughly in place before starting to glue.
- Leave some space in your design if you want to add a name.
