

Puppets & Pencil Tops

This leaflet shows you how to make lots of models like these

It's easy - it's fun!

Puppets & Pencil Tops

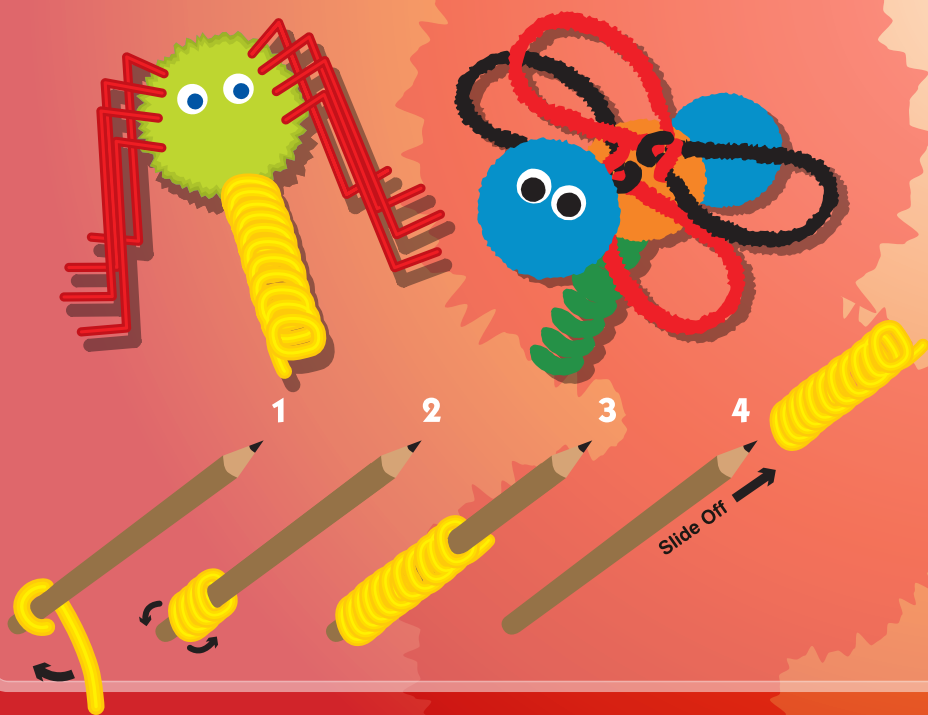

Use PVA glue it works well these materials.
Use scissors to cut foam shapes and pipe cleaners.

Pencil Top Bugs.

Make the bug first.

Make the pencil holder by joining 2 pipe cleaners together.

Wrap it round a pencil to form a spiral holder.

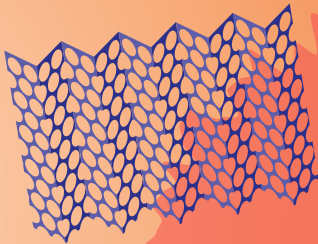

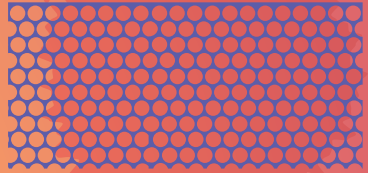

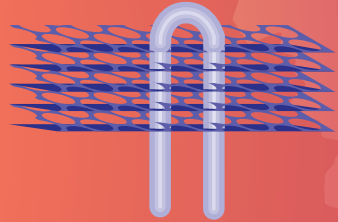

Special instructions for the Dragonfly.

The Dragonfly wings are made from a concertina of sequin mesh (see diagram).

Fold a flat piece of Sequin Mesh back and forth, keeping an equal width to make a concertina.

Use bits of pipe cleaner to hold concertina in place.

Foam People.

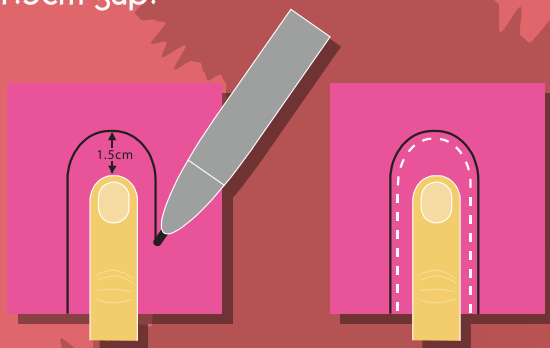

On the foam draw a body shape and head shape separately. Cut them out and cut 2 finger holes at the bottom of the body. Cut out other pieces of foam for arms, hands, mouth, nose, hat and hair.

Stick the pieces together to make the puppet. Decorate with other materials.

Felt Bunny Finger Puppet.

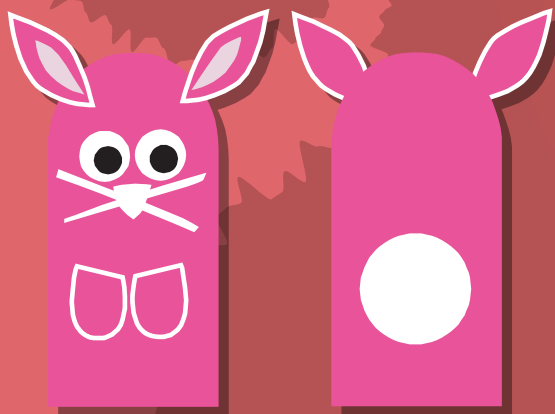

On the felt draw with a ball point pen around a finger leaving 1.5cm gap.

Cut the shape out. Repeat to make a second shape. Put glue round the edge (be careful only the edge) of one of the pieces.

Place the other piece on top and leave to dry.

Glue on his ears and whiskers and a pompom tail.
