

Spoon Animals Kit

This leaflet shows you how to
make Spoon Animals like these

It's easy - it's fun!

Spoon Animals Kit

Choose the 4 spoon animals you would like to make from the 6 different animals illustrated in the leaflet.

Colouring the Spoons: If you wish to colour the spoon it is best to use paint and leave to dry for at least half an hour before sticking on faces.

Pens and pencils can be used to add your own features.

The notes below show you which components to use if you want to follow the illustrations and make several spoons. You may need to cut the foam pieces into the shape you require.
